

<b>Introduction</b>	Use this form to apply for a new or additional waste collection service. Bins are usually delivered within 2-5 working days. The categories available are outlined below. The fees listed are per financial year. No up front payment is required as these fees are added onto the Owner's Rates account (calculated pro-rata for the remainder of the financial year). For this reason, the Owner of the property <u>must</u> sign this application form. Please tick the box below and indicate how many services you require.

# Service Details

Council provides residential Waste and Recycling calendars to indicate the collection day for your general waste, recycling and garden waste services. These calendars are available at Ashfield Council Customer Service Centre or by phoning 9716 1800.

Below is a list of materials that can and cannot be collected for each service.

Please note Council will NOT collect contaminated bins.

## Garden Organics

A 240L wheelie bin with a bright green lid will be provided for the collection of garden organics. This is an optional service that is not included as standard in your regular domestic waste charges. This bin is collected every fortnight, on the same day as your recycling bin.

Garden organics that can be collected includes grass clippings, weeds, small prunings and untreated timber less than 1 metre long and/or 150mm in diameter.

Items that will contaminate your garden organics bin include, but are not limited to: plastic bags, building materials, waxed cardboard boxes, wire or nylon ties, rocks or soil, bamboo, food scraps, tree stumps, chemically treated, stained or painted timber, timber over 1 metre long and/or 150mm in diameter, and household rubbish.

## Residential Waste

You will receive an extra 120L wheelie bin. Or your old 120L bin will be replaced with a larger 240L wheelie bin, depending upon supplies. These bins have a red lid and will be collected on the usual day, weekly.

## Business Waste

You will receive a 120L or 240L wheelie bin, collected weekly on the same day. Or your old 240L bin will be given a new lid to indicate an extra weekly collection. A orange lid indicates collection twice a week and a blue lid indicates collection three times per week. Collection days are Monday and/or Wednesday and/or Friday. Additional collection days are not available for the 120L service.

Bins must weigh less than 70kg. As a general rule, if you cannot move the bin by lifting the front with one hand it is too heavy for the truck's mechanisms.

## Recyclable Waste

An additional 240L wheelie bin with a yellow lid will be provided for the collection of recyclable materials. This bin is collected fortnightly.

Recyclable waste that can be collected includes glass bottles and jars, plastic bottles marked with a or triangle symbol, plastic containers marked or, pizza boxes, aluminium and steel cans including emptied aerosol cans, milk and juice cartons, clean cardboard, newspapers and magazines.

Items that will contaminate your recycling bin include, but are not limited to, plastic bags, building materials, garden waste, food waste, polystyrene, waxed boxes, broken glass, crockery, toys, syringes and nappies.
