Pesticide Use Notification

Pesticide Use Notification

In accordance with the Pesticides Regulation 1995 and Ashfield Council's Pesticide Use Notification Plan, Council is notifying owner/occupiers and the general public that Council will be carrying out broad leaf pesticide spraying in the Ashfield Local Government Area.

Scheduled Parks Broad - Leaf Weed Spraying

From 25 October 2011 to 25 November 2011 Council will be carrying out weed spraying of all Parks in the Ashfield Local Government Area.

The following locations will be treated with a non selective herbicide for the control of all broadleaf weeds including bindii and clover

- All grassed areas of Parks including sports fields.

Council staff will be spraying these areas with Javelin ® Selective Herbicide a chemical with a low toxicity ranking.

Should extended periods of inclement weather be experienced during the weed spraying program updates will be posted on Council's web site, and a further notification will be made to properties where required.

If more information is required or any concerns prior to, or during the weed spraying program please call Councils Parks Department on (02)97161800 or email info@ashfield.nsw.gov.au.
